

What do Speech Application Developers think about LumenVox Speech Solutions?

“LumenVox offers an impressive suite of versatile, world-class speech recognition technologies.”

*Dr. Danny Lange
Vocomo Software*

“LumenVox’s technology provides us with some of the very best in speech technologies today, at the right price for our customers.”

*Mark Kelley
Parallax*

“LumenVox has created speech products that are easy to code with and tools, such as the Speech Tuner that greatly simplifies post-deployment maintenance.”

*Vern Baker
enGenic*

“We are delighted that LumenVox is extending the capabilities of our platform.”

*John Hibel
Vocalocity*

“The customer service that we have received from the LumenVox team has always been top of the line and we are looking forward to continuing our partnership for many years in the future.”

*Victor Salazar
Technical Support Systems*

“Both companies have focused on simplifying the development, integration, and deployment of speech services while maintaining affordability.”

*Charles Corfield
SandCherry*

“LumenVox allows us to have control over the development of call flow, grammars and tuning, while keeping the costs at a respectable level. The reason we chose LumenVox’s speech technology was simply because of the flexibility it provides us, as developers”

*Brian Lauzon
TelASK*

“The LumenVox Speech Driven Assistant for TeleVantage has become the most valued component in our operation of a speech-activated hotline 1-800-US-LOTTO. By utilizing the LumenVox Speech Driven platform our callers actually enjoy the experience of the phone call, helping us to build a good relationship with our customers. The LumenVox support team is always available and always willing to go the extra mile to provide us with excellent support. Thank You, LumenVox.”
